

Hey there! IT'S LYLA!

We're your free virtual personal assistant, provided by your employer. With LYLA you can submit requests from your personal to-do list, make purchases from local vendors and connect with company-sponsored offerings.

Submit a request

Your request can be for pretty much anything (you know, as long as it's legal)! Here are some ways others have used LYLA:

- Buy an anniversary gift
- Order flowers for mom
- Get the house cleaned
- Do the laundry
- Wash the car
- Hire some movers
- Walk the dogs
- Find a babysitter
- Plan a road trip
- Paint the bedroom

Let our team work their magic

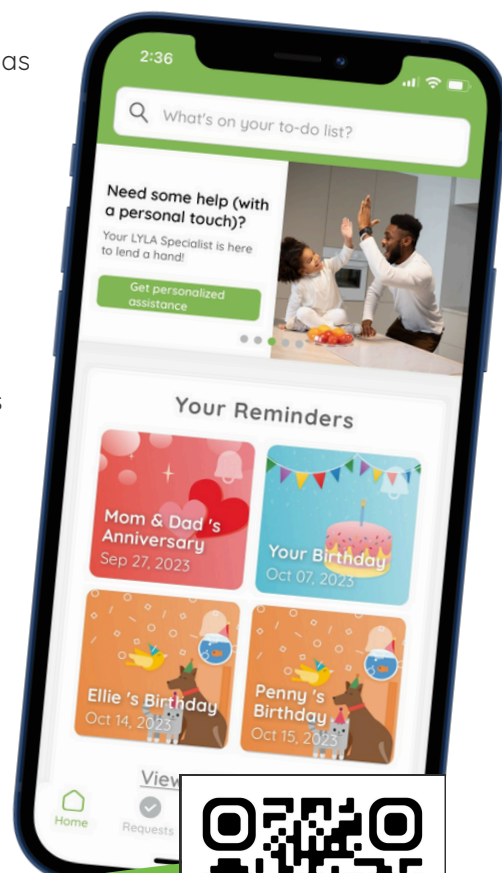

A LYLA specialist will email you (usually within an hour, but always within the next business day) to see if we're on the right track or to gather more information.

Check everything off your list!

Our LYLA specialists are expert researchers who will provide options, suggestions, arrangements, and services for your consideration. Best of all? These research and coordination efforts are totally free!

We'll be in Hillsboro on October 23 to tell you more about LYLA and to answer any questions you may have. We can't wait to meet you!
